

Together we can
do so much.

We put the “FUN” in **FUNDRAISING!**

At FDP Ice Cream, we understand the challenges you face to reach the fundraising goals that are essential to enhancing your students’ overall learning experience. Having successfully served schools in Districts throughout New York City, we have developed the perfect solution and can show you how simple it is to generate funds selling ice cream snacks.

It’s as easy as 1, 2, 3....

- 1) We supply you with a secure, energy efficient freezer at no cost.
- 2) You place your initial order (with no upfront cost) and pay when the product is sold or within 30 days.
- 3) You sell the ice cream to your eager students at our suggested price and earn nearly 100% profit.

It’s that simple!

*On average, schools currently partnered with FDP Ice Cream have profited as much as \$293 per school week.
